

D8-UFT02 Installation Guide

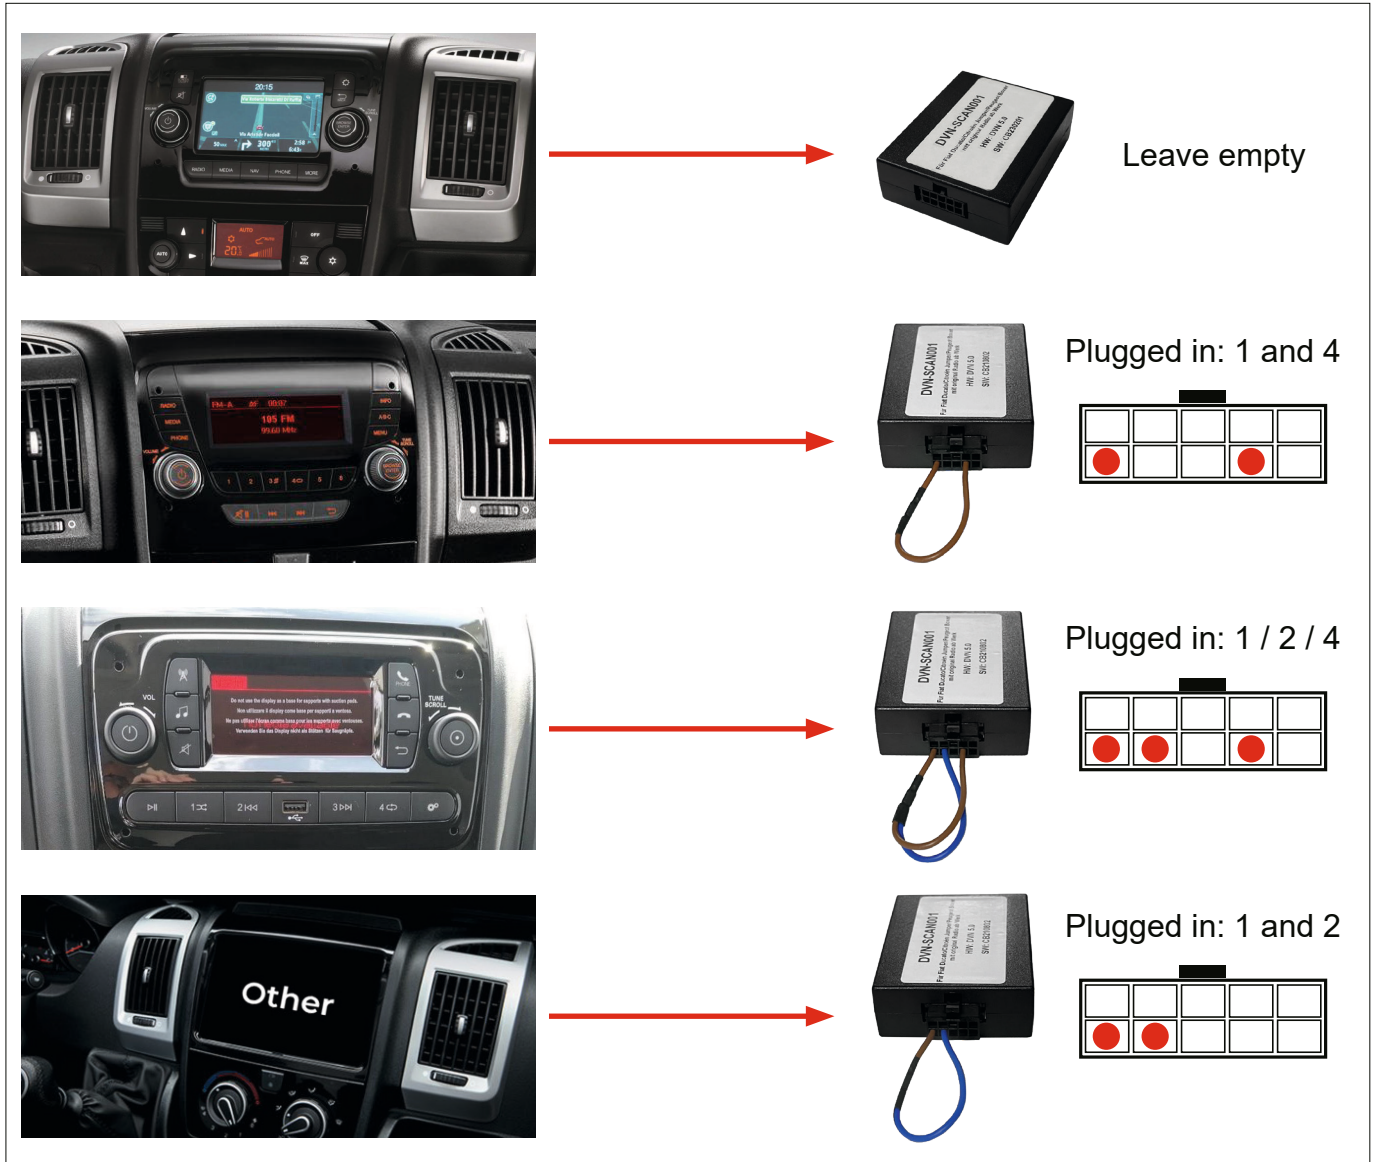

CAN-bus adapter D8-UFT02

CAN-bus adapter for remote control of the most important functions of a Dynavin radio via steering wheel buttons, if present in the vehicle.

- Supports multifunction steering wheel
- Synchronisation of time
- Synchronisation of language menu
- for Fiat Ducato III 250/251 2006-2011, Ducato III EURO 5 250/251 since 2011, Citroen Jumper II 250/250D/250L since 2006, Peugeot Boxer II 250/251 since 2006
- for the vehicles with factory Fiat radios
- Infotainment steering wheel adapter
- Control via the steering wheel buttons

For use in Citroen / Fiat depending on the original radio

The factory settings of your vehicle might not align perfectly with the instructions above. If the error warning on the speedometer persists, please try all suggested wiring methods, including leaving the connector empty, until the dashboard error warnings are resolved.
